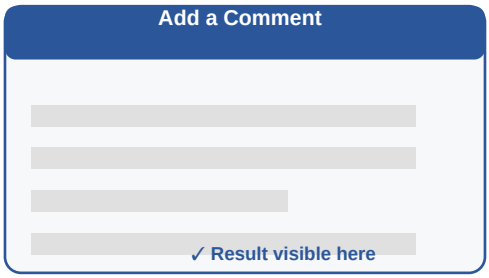
1 Add a Comment

Your Task: Flag the $4.2 million revenue figure with a comment requesting verification from the finance team.

STEP-BY-STEP INSTRUCTIONS

1. Select the revenue figure text.
2. Review tab → Comments group → New Comment.
3. Or right-click the selection → New Comment.
4. Type your comment in the comment pane.

WHAT THE RESULT LOOKS LIKE



A colored comment bubble appears in the right margin connected to the selected text, showing your name and timestamp.

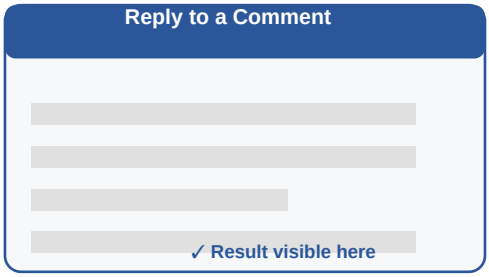
2 Reply to a Comment

Your Task: Reply to the Finance Manager's existing comment confirming the $4,200,000 figure is correct.

STEP-BY-STEP INSTRUCTIONS

1. Click the existing Finance Manager comment to select it.
2. Click the Reply button (■) inside the comment bubble.
3. Type your reply confirming the figure.
4. Press Escape when done.

WHAT THE RESULT LOOKS LIKE



Your reply appears threaded under the original comment with your name and timestamp.

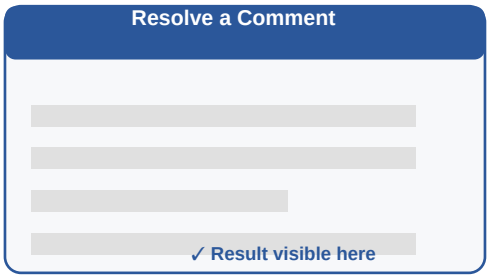
3 Resolve a Comment

Your Task: Mark the Finance Manager comment as resolved after confirming the revenue figure.

STEP-BY-STEP INSTRUCTIONS

1. Right-click the Finance Manager comment bubble.
2. Choose Resolve Comment from the context menu.
3. The comment turns gray indicating it is resolved.

WHAT THE RESULT LOOKS LIKE



The comment appears grayed out with a Resolved indicator. It can be reopened by right-clicking → Reopen Comment.

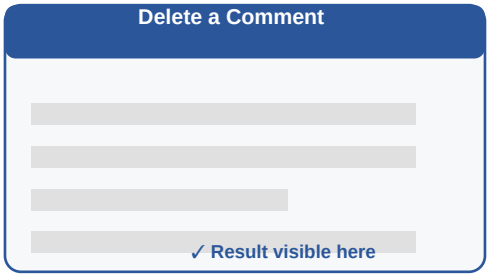
4 Delete a Comment

Your Task: Delete the outdated comment that is no longer relevant to the current version.

STEP-BY-STEP INSTRUCTIONS

1. Click the comment to select it.
2. Review tab → Comments → Delete → Delete Comment.
3. Or right-click the comment → Delete Comment.

WHAT THE RESULT LOOKS LIKE



The comment is permanently removed. The text it was attached to returns to normal formatting.

5 Enable Track Changes

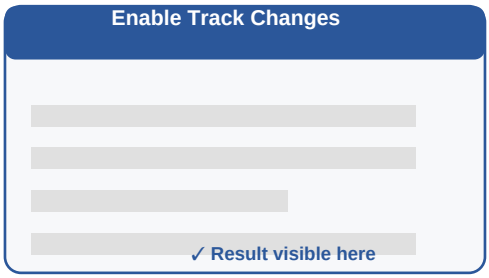
Review –

Your Task: Turn on Track Changes then revise the PTO Policy section with updated language.

STEP-BY-STEP INSTRUCTIONS

1. Review tab → Tracking group → Track Changes.
2. Or press Ctrl+Shift+E. The button highlights when on.
3. Make edits to the PTO Policy section.
4. Added text shows as underlined; deleted text shows with strikethrough.

WHAT THE RESULT LOOKS LIKE



All edits are marked with colored text. The editor's name appears in each tracked change.

6 Accept Tracked Changes

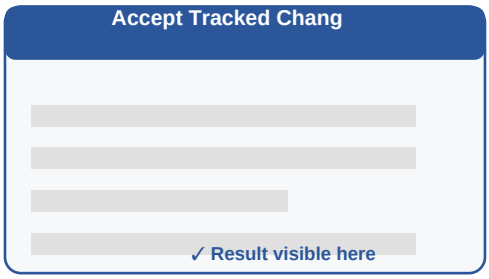
Review –

Your Task: Accept the tracked changes that correct the policy language in the PTO section.

STEP-BY-STEP INSTRUCTIONS

1. Review tab → Changes group → Next to navigate to a change.
2. Click Accept to accept and move to the next.
3. Or: Accept → Accept All Changes to accept everything at once.

WHAT THE RESULT LOOKS LIKE



Accepted changes become permanent text with no markup. The document looks clean in those areas.

7 Reject Tracked Changes

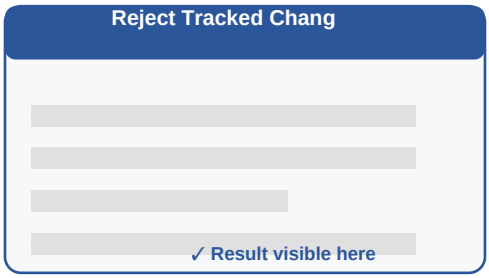
Review –

Your Task: Reject the tracked change that incorrectly removed important compliance data.

STEP-BY-STEP INSTRUCTIONS

1. Review tab → Changes group → navigate to the change.
2. Click Reject to reject and restore the original text.
3. The markup for that change disappears.

WHAT THE RESULT LOOKS LIKE



The rejected change is undone — the original text is restored as if the deletion never happened.

8 Show/Hide Markup

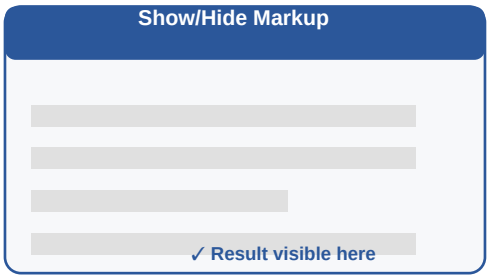
Review –

Your Task: Toggle off tracked changes display to preview the document as it will look when finalized.

STEP-BY-STEP INSTRUCTIONS

1. Review tab → Tracking → Show Markup.
2. Or use Display for Review dropdown → No Markup.
3. To show everything again: choose All Markup.

WHAT THE RESULT LOOKS LIKE



The document shows clean text without markup. No changes are permanently accepted — just hidden from view.

9 Compare Documents

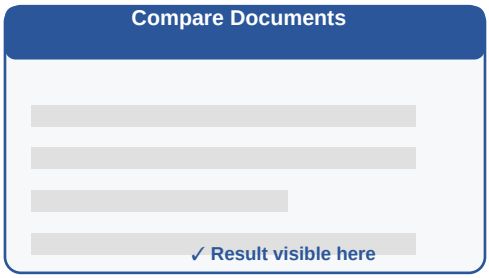
Review –

Your Task: Compare the original draft with the revised version to see all differences highlighted.

STEP-BY-STEP INSTRUCTIONS

1. Review tab → Compare → Compare.
2. Set Original document (browse to original file).
3. Set Revised document (browse to revised file).
4. Click OK.

WHAT THE RESULT LOOKS LIKE



A new document opens showing all differences between the two versions highlighted as tracked changes.

10 Restrict Editing

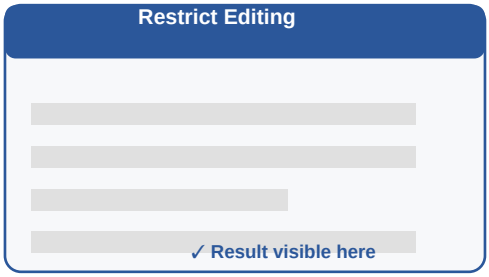
Review –

Your Task: Lock the final document so reviewers can only add comments — no text editing allowed.

STEP-BY-STEP INSTRUCTIONS

1. Review tab → Protect → Restrict Editing.
2. Check Allow only this type of editing in the document.
3. Choose Comments from the dropdown.
4. Click Yes, Start Enforcing Protection.

WHAT THE RESULT LOOKS LIKE



Most editing tools gray out. Reviewers can only insert comments. The document is protected.

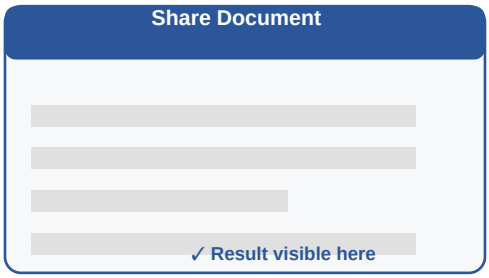
11 Share Document

Your Task: Share the completed report with stakeholders via a OneDrive link.

STEP-BY-STEP INSTRUCTIONS

1. Save the document to OneDrive first.
2. File tab → Share.
3. Enter recipient email, set permission, click Send.

WHAT THE RESULT LOOKS LIKE



Recipients receive an email with a OneDrive link. The Share button shows collaborator avatars.

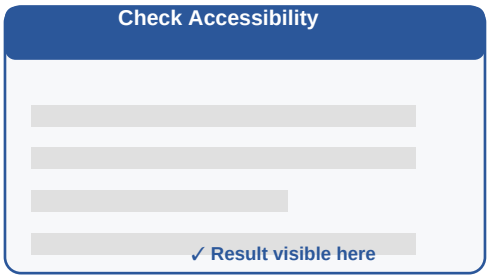
12 Check Accessibility

Your Task: Verify the document meets accessibility standards before sharing externally.

STEP-BY-STEP INSTRUCTIONS

1. Review tab → Accessibility group → Check Accessibility.
2. Review the pane for any issues.
3. Click each issue for fix instructions.

WHAT THE RESULT LOOKS LIKE



The Accessibility pane shows either no issues or a list of items with specific instructions for each fix.

13 Check Compatibility

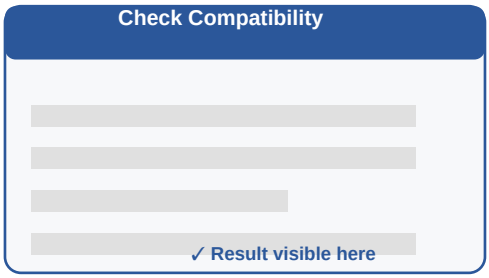
File → In

Your Task: Run a compatibility check before sending to stakeholders who use older versions of Word.

STEP-BY-STEP INSTRUCTIONS

1. File tab → Info → Check for Issues → Check Compatibility.
2. Review flagged items.
3. Click OK to close.

WHAT THE RESULT LOOKS LIKE



Shows either no issues or a list of features that will be affected in Word 2016 or earlier.

14 Inspect Document

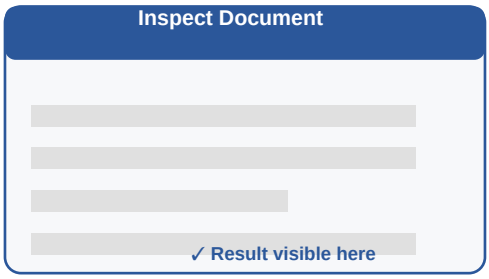
File → In

Your Task: Remove all hidden personal metadata before the final external distribution.

STEP-BY-STEP INSTRUCTIONS

1. File tab → Info → Check for Issues → Inspect Document.
2. Click Inspect.
3. Click Remove All next to Document Properties and Personal Information.
4. Click Close.

WHAT THE RESULT LOOKS LIKE



Re-inspection shows a green checkmark confirming personal information was removed.

15 View Version History

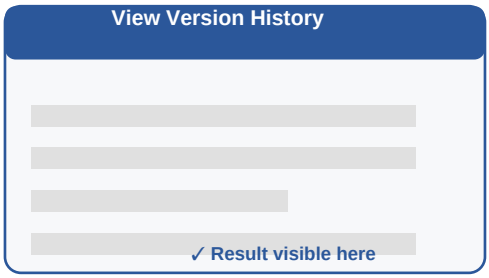
File → In

Your Task: Check who made the most recent changes by viewing the document version history.

STEP-BY-STEP INSTRUCTIONS

1. File tab → Info → Version History (requires OneDrive).
2. A list of saved versions appears with timestamps.
3. Click any version to preview it.

WHAT THE RESULT LOOKS LIKE



A panel shows all saved versions with timestamps and the name of the person who saved each version.

16 Find Text

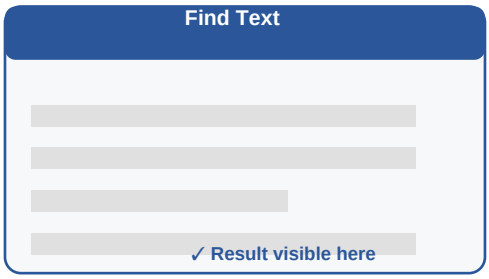
Home →

Your Task: Search for every instance of "consultant" to check how the term is used throughout the document.

STEP-BY-STEP INSTRUCTIONS

1. Press Ctrl+F to open the Navigation Pane.
2. Type consultant in the search box.
3. Click arrows (▲▼) to jump between matches.

WHAT THE RESULT LOOKS LIKE



All instances are highlighted in yellow. The Navigation Pane shows the total count of matches.
