Excel Project — Core 1

Desert Sun Consulting · Client Billing Workbook
Microsoft Excel Associate (MO-210) · 25 tasks · 100 points

Scenario. You are the billing coordinator at Desert Sun Consulting, a Las Vegas management-consulting firm. Finish the firm's client billing and revenue workbook for the quarterly partner review.

Open **Excel_Core1_Starter.xlsx** in Microsoft Excel and complete every task below. Each task lists the ribbon path and its point value. When finished, save the file and upload it to the Core 1 grader for instant scoring. The import task uses the provided **clients.csv**.

E1 — Manage Worksheets & Workbooks

1. Import the client roster from the provided clients.csv into the empty range on the Clients sheet — **5** pt
`Data → Get Data → From Text/CSV`

2. Set the Billing sheet to Landscape orientation — **3** pt
`Page Layout → Orientation`

3. Add a header reading "Desert Sun Consulting" and a footer with the page number — **4** pt
`Insert → Header & Footer`

4. Freeze the top header row on the Billing sheet — **3** pt
`View → Freeze Panes`

5. Set workbook properties: Title = "Q2 Client Billing", Author = "Desert Sun Consulting" — **3** pt
`File → Info → Properties`

6. Set the print area to the billing table range — **3** pt
`Page Layout → Print Area → Set Print Area`

7. Insert a hyperlink in cell A1 to the firm's client portal — **4** pt
`Insert → Link (Ctrl+K)`

E2 — Manage Data Cells & Ranges

8. Merge and center the title across columns A–F — **3** pt
`Home → Merge & Center`

9. Center-align the column header row — **3** pt
`Home → Alignment group`

10. Format the Amount Billed column as Currency — **3** pt
`Home → Number group`

11. Apply bold font and a fill color to the header row — **3** pt
`Home → Font group / Format Cells (Ctrl+1)`

12. Wrap text in the Notes column — **3** pt
`Home → Wrap Text`

13. Name the billing amounts range "Billing" **4** pt

`Formulas → Define Name (or Name Box)`

14. Highlight invoices over 30 days overdue in red **5** pt

`Home → Conditional Formatting`

15. Add line sparklines showing each client's monthly hours trend **5** pt

`Insert → Sparklines → Line`

E3 — Manage Tables & Table Data

16. Convert the client billing range to an Excel Table **5** pt

`Insert → Table (Ctrl+T)`

17. Apply a Medium table style to the table **3** pt

`Table Design → Table Styles`

18. Add a Total Row that sums the Amount Billed column **5** pt

`Table Design → Total Row`

19. Filter the table to show only Active clients **5** pt

`Header dropdown → Filter`

20. Sort the table by Client then by Invoice Date **3** pt

`Data → Sort → Add Level`

E5 — Manage Charts

21. Create a Column chart of revenue by client **5** pt

`Insert → Charts → Column`

22. Add a second data series for prior-year revenue **6** pt

`Chart Design → Select Data → Add`

23. Add data labels and an axis title to the chart **5** pt

`Chart Design → Add Chart Element`

24. Apply a chart style from the gallery **5** pt

`Chart Design → Chart Styles`

25. Add alternative text describing the revenue chart **4** pt

`Right-click chart → Edit Alt Text`

Total: 100 points · 25 tasks
