D1 — Manage Documents

25 points · 10 tasks

Task 1 — Set 1-inch top/bottom and 1.25-inch left/right margins

2 pt

WHY THIS MATTERS

Training manuals often use slightly wider side margins to leave room for binding and note-taking. Consistent margins keep the document professional.

WHERE TO FIND IT

Layout tab → Page Setup group → Margins → Custom Margins. Set Top and Bottom to 1", Left and Right to 1.25".

HOW YOU'LL KNOW IT WORKED

The Page Setup dialog shows 1" top/bottom and 1.25" left/right; side white space is visibly wider than top/bottom.

Task 2 — Set the paper size to Letter

2 pt

WHY THIS MATTERS

Letter (8.5" × 11") is the U.S. standard for business and HR documents and ensures the manual prints correctly on office printers.

WHERE TO FIND IT

Layout tab → Page Setup group → Size → Letter.

HOW YOU'LL KNOW IT WORKED

The Size menu shows Letter selected; pages are 8.5" × 11".

HOW YOU'LL KNOW IT WORKED

Every page shows the department name and its page number in the footer.

Task 6 — Insert page numbers starting at 1 after the cover page

2 pt

WHY THIS MATTERS

Numbering should begin on the first content page, not the cover — standard practice for formal manuals.

WHERE TO FIND IT

Insert tab → Page Number → Bottom of Page. Use a section break or “Different First Page” so numbering starts at 1 after the cover.

HOW YOU'LL KNOW IT WORKED

The cover has no visible number; the first content page is numbered 1.

HOW YOU'LL KNOW IT WORKED

The Custom tab lists Department = Human Resources.
