Excel Project — Core 2

Nevada Valley Healthcare · Staffing Workbook
Microsoft Excel Associate (MO-210) · 26 tasks · 100 points

Scenario. You are the staffing coordinator at Nevada Valley Healthcare, a Las Vegas medical network. Prepare the department staffing and shift-coverage workbook for the operations meeting.

Open **Excel_Core1_Starter.xlsx** in Microsoft Excel and complete every task below. Each task lists the ribbon path and its point value. When finished, save the file and upload it to the Core 1 grader for instant scoring.

E1 — Manage Worksheets & Workbooks

1. Set the Department column width to 28 and the header row height to 30 — **4** pt
`Home → Format`

2. Add a header "Nevada Valley Healthcare — Staffing" and a footer with the sheet name — **5** pt
`Insert → Header & Footer`

3. Switch the Roster sheet to Page Layout view — **4** pt
`View → Page Layout`

4. Set the print area to the staffing roster range — **3** pt
`Page Layout → Print Area → Set Print Area`

5. Configure print settings to fit all columns on one page wide — **3** pt
`File → Print`

6. Add a comment on the PTO column requesting HR review — **5** pt
`Review → New Comment`

18. Freeze the first column so department names stay visible — **3** pt
`View → Freeze Panes`

25. Set workbook properties: Title, Author, and Subject — **3** pt
`File → Info → Properties`

E2 — Manage Data Cells & Ranges

7. Use AutoFill to complete the shift-week series (Week 1 … Week 12) across the blank cells — **5** pt
`Fill handle drag`

8. Apply the "Heading 1" cell style to the workbook title — **3** pt
`Home → Cell Styles`

9. Apply borders to the entire roster grid — **4** pt
`Home → Font group / Format Cells (Ctrl+1)`

10. Format the Hourly Rate column as Currency — **3** pt
`Home → Number group`

11. Add column sparklines showing weekly shift counts per department — **5** pt

`Insert → Sparklines → Line`

12. Merge and center the section banner across the table width — **3** pt

`Home → Merge & Center`

19. Vertically center all cells in the roster — **3** pt

`Home → Alignment group`

20. Wrap text in the Responsibilities column — **2** pt

`Home → Wrap Text`

21. Apply a color scale to the weekly hours columns — **4** pt

`Home → Conditional Formatting`

26. Apply Percentage format to the Coverage % column — **3** pt

`Home → Number group`

E3 — Manage Tables & Table Data

13. Convert the staffing roster to an Excel Table — **5** pt

`Insert → Table (Ctrl+T)`

14. Enable Banded Rows and the Header Row table style options — **4** pt

`Table Design → Table Style Options`

15. Convert the old certifications table back to a normal range — **5** pt

`Table Design → Convert to Range`

16. Apply a table style to the roster table — **4** pt

`Table Design → Table Styles`

17. Filter the roster to the Emergency department only — **3** pt

`Header dropdown → Filter`

E5 — Manage Charts

22. Create a Bar chart of headcount by department — **5** pt

`Insert → Charts → Column`

23. Move the headcount chart to its own chart sheet — **5** pt

`Chart Design → Move Chart`

24. Apply a chart style to the headcount chart — **4** pt

`Chart Design → Chart Styles`

Total: 100 points · 26 tasks
